## SUMMARY

A barracks and adjoining bivouac area is located 8 kilometers (km) west of Krivoy Rog (Figure 1). These facilities provide administrative, billeting, and other support for a large training area located immediately south.

The installation covers approximately 1,155 acres and contains 2 administration buildings, 30 probable barracks, 19 barracks-type buildings, 17 storage buildings, 49 support buildings, 12 vehicle sheds, 3 equipment storage/maintenance buildings, 7 possible ammunition storage buildings, an athletic field, one AAA battery (probably abandoned), a bivouac area with 24 permanent

buildings (2 administration, one storage, 21 support) and extensive tent areas served by an elaborate network of roads (Figures 2 and 3).

The area was covered by KEYHOLE missions from [REDACTED]. Comparative analysis revealed that all buildings were probably constructed prior to [REDACTED]. The barracks and equipment storage/maintenance areas appeared to be utilized year round; however, the other facilities are probably utilized primarily during training activities in the large adjacent training area.

## DESCRIPTION OF INSTALLATION

### Railroad Service

Dolinskaya-Krivoy Rog rail line forms the southern boundary of the area. Rail spurs from this line form the southwest and northwest boundary.

### Road Service

The area is connected to Krivoy Rog by a probable all-weather secondary road.

### Administrative and Troop Housing Areas

Area D1 contains 2 administration buildings, 30 probable barracks, 2 storage buildings, and 10 support buildings. A greater amount of track activity in this area may indicate permanent quarters for year-round occupancy.

Area D2 contains 19 barracks-type buildings and 14 support buildings.

Area D3 contains 2 administration buildings, 1 storage building, 21 support buildings, and a bivouac area.

### General Storage Area

Area E contains 15 storage buildings and 9 support buildings.

### Ammunition Storage Area

Area F contains 7 possible ammunition storage buildings.

### Equipment Storage/Maintenance Areas

Area J1 contains 14 support buildings and 12 vehicle sheds (six 245 by 50 feet and six 185 by 55 feet). Three rows of equipment or vehicles were observed in [REDACTED] 4 rows in [REDACTED] 6 rows in [REDACTED] and 5 possible rows in [REDACTED].

Area J2 contains three equipment storage/maintenance buildings (one 185 by 55 feet, two 125 by 50 feet).

### Athletic Field

Area K is an athletic field with 2 support buildings.

### Artillery Emplacement

Area Q is an AAA emplacement with 5 positions and central control. This emplacement was present on [REDACTED] coverage, but is now probably abandoned.
